

7000 SERIES UPS PANEL BACKUP BATTERY

The 7000 Series UPS Panel (part #50-000002) is an uninterruptible power supply (UPS) that provides power to a 7000 series NVR in the event of power loss. This allows the 7000 to shut down gracefully to maintain recorded video and data integrity.

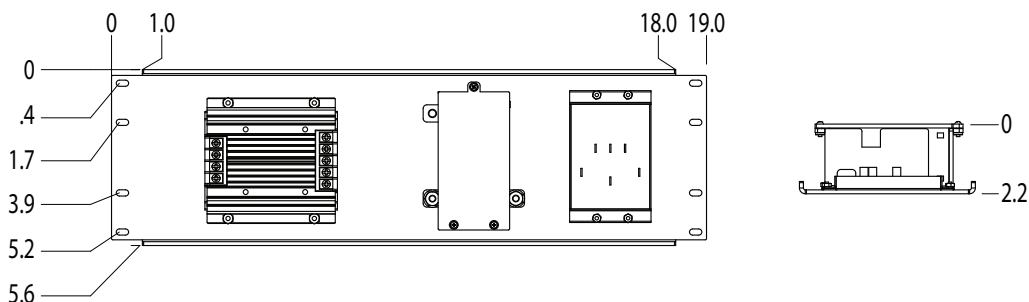

SPECIFICATIONS

7000 Series UPS Panel

Input Voltage	9-36 VDC
Voltage out to RR7000 (min/typ/max)	12.8 VDC / 13.4 VDC / 14.0 VDC
