

# AWARENESS MONITORS

## PART NO: DMS1050, DMS2050

DMS1050

DMS2050

The DMS1050 (10.4") and DMS2050 (15") interior monitors can be mounted in the passenger compartment of your transit vehicle to showcase the advanced security watching over them. In addition, the monitor is large enough to provide advertising opportunities.

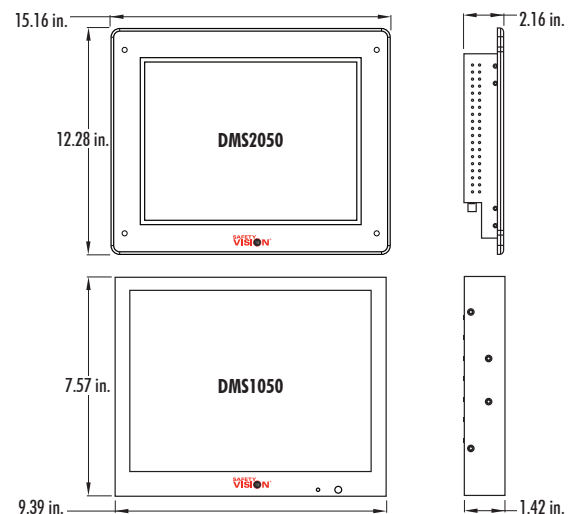

Mounted strategically inside the vehicle cabin in full view, passengers can watch themselves on the Awareness Monitor as they get on and off of the vehicle. Passengers feel safe and protected, increasing ridership, while crime and vandalism is deterred, decreasing costs and liability.

### SPECIFICATIONS

Screen Size	<b>DMS1050</b> 10.4 in. diagonal <b>DMS2050</b> 15 in. diagonal
LCD Type	TFT-LCD
Active Display Area	<b>DMS1050</b> 8.4 in. × 6.3 in. <b>DMS2050</b> 11.97 in. × 8.98 in.
Display Mode	4:3
Power Input	<b>DMS1050</b> DC 12V/3A <b>DMS2050</b> DC 12V/4A
Power Consumption	<b>DMS1050</b> 18 Watt Max <b>DMS2050</b> 45 Watt Max
Video System	NTSC / PAL / SECAM
Brightness	<b>DMS1050</b> 300 cd/m <sup>2</sup> <b>DMS2050</b> 1050 cd/m <sup>2</sup>
Display Resolution	<b>DMS1050</b> 800 × 600 Pixel <b>DMS2050</b> 1024 × 768 Pixel
Viewing Angle	<b>DMS1050</b> 150° (H) / 110° (V) <b>DMS2050</b> 140° (H) / 125° (V)
Display Color	16.7M
Video Frequency	<b>DMS1050</b> 60Hz <b>DMS2050</b> 50/60/70Hz
Response Time	<b>DMS1050</b> 8ms <b>DMS2050</b> 4ms
Contrast Ratio	<b>DMS1050</b> 500:1 <b>DMS2050</b> 800:1
Inputs	<b>DMS1050</b> Composite Video (BNC x 2), 1 VGA, 1 HDMI <b>DMS2050</b> Composite Video (BNC x 2), YC <sub>b</sub> C <sub>r</sub> (BNC x 3), 1 VGA, 1 HDMI
Outputs	Composite Video

Alternatively, when not in use for a security function, the Awareness Monitors provide the opportunity to display static or video advertisements. This function provides the opportunity to increase revenue by displaying advertisements for your transit agency, service partners, public service announcements, or any other type of marketing communication. The Awareness Monitor's functionality does not stop there – the monitor is available for your specialized use.

The DMS1050 and DMS2050 monitors connect to your vehicle's digital video recorder (DVR) using a variety of available inputs, including composite (BNC), VGA, and HDMI, making them adaptable to a variety of installations. A metal housing ensures resistance to harsh mobile environments and vandalism.

Please discuss our installation, training, extended warranty, spare-in-the-air, and onsite service options with your mobile video solutions specialist!
