

# CONNECTCAM KIT

## WIRELESS MAGNETIC MOUNT CAMERA AND MONITOR KIT

### SPECIFICATIONS

#### Part No. SV-CLED-70WLMM

##### Part No. SV-LED70WL-KIT (monitor)

Display Size	7 inch new TFT panel
Aspect Ratio	16:9
Video System	PAL/NTSC (auto switching)
Resolution	800 × 480
Speaker	Built-in
Brightness	450 cd/m <sup>2</sup>
Power Requirement	9V ~36V DC
Operating Temperature	-22° F to approx. 158° F (-30° C to approx. 70° C)
Storage Temperature	-40° F to approx. 176° F (-40° C to approx. 80° C)

##### Part No. SV-616MM-KIT (camera)

Image Sensor	1/3" CCD
TV Lines	700
Focal Length	2.8 mm
Field of View	120°
Infrared Illuminators (IRs)	20
Minimum Illumination	0.1 lux (with IRs)
Video Output	1.0 Vp-p, 750Ω,
Audio	Yes, integrated microphone
IP rating	IP69K
Vibration rating	10G
Power Consumption	130 mA / DC 12V (IR ON)
Operating Temperature	-22° F to approx. 158° F (-30° C to approx. 70° C)
Storage Temperature	-40° F to approx. 176° F (-40° C to approx. 80° C)
Certifications	FCC, CE, E-mark, ISO9001, TS16984, RoHs, MIL-STD-810

The ConnectCam is a durable, mobile-rated rear vision camera that communicates with a robust 7-inch monitor in the vehicle cabin. An incredibly strong magnet mount allows the camera to be portable between different trailers, presenting the perfect solution for Drop and Hook trucking operators.

The ConnectCam mounts perfectly onto a trailer's standard ICC bumper and with a simple push-button setup, a signal is sent to the monitor, eliminating the need for any fifth-wheel kits or cables. Equipped with IR illuminators to ensure clear images even in complete darkness, the ConnectCam's battery can last up to 13 hours between charges.

### Features

- Industrial strength magnet mount adheres many different metal surfaces, providing for multiple diverse applications, including trucking, forklifts, cranes, and more
- 7-inch color monitor and 120° wide angle field of view camera provides an excellent visual aid for rear view of vehicle
- Ruggedized, mobile-rated enclosures for both camera and monitor ensures equipment durability
